mangrove

Mangrove is an ecosystem of tech enthusiasts (freelancers, entrepreneurs, employees) sharing the same ideal of professional fulfillment.

Mangrove Builders

Mangrove builders are the core of the ecosystem. They are in charge of designing the organizational framework, maintaining the vision and developing the community through ambitious projects.

Hi olivier!

Good to see you

Just to tell you that your buddy this week is yannis

Best times to call each other are Tuesday and Thursday night around 7PM if you're on the same timezone.

Be happy!

Oh I almost forgot! Don't forget to call ambroisecollon as well!

Hey guys! I've paired you this month 😄

@micka: @svenia would like to know more about **UX & UI Design**. I'm sure you have a lot to share!

I let you two arrange a meeting together, let me know about the date 😊.

Hi @micka ! I'd love to have a chat with you and learn more from your design skills ! When would you have time for a call? :)

Tuesday, May 30th

micka 🇫🇷 3:48 AM

Hey hey!! I'm flying to Bali tonight, let's schedule a call in let say 1-2 days?

in the main time you can read this small technical article, I'm sure it's a good entry point

5 Boost your productivity

Get work done with Trello.

The swiss army knife of productivity. Track progress on an Agile collaborative project, or solo projects. Flexible and adaptable.

@adrienjoly

Manage workloads in your life.

Plan schedules tasks from various projects into my calendar, so I can put my mind to focus on the present task.

@adrienjoly

Align tactical tasks with your life goals.

A notebook that helps me define my 13-week objective, strategy to reach it, and track my progress weekly and daily. Very motivational!

@adrienjoly

Save web pages to read later.

So many interesting articles that I want to read! I save them to Instapaper, then read on my mobile when I'm stuck in public transport.
